Commissioner for Patents

The amendment document filed on 12/6/2004 is non-compliant because it does not meet the requirements of 37 CFR 1.121. Specifically, the amended paragraphs [0084], [0093], and [0109] do not correspond to paragraphs [0084], [0093], and [0109] in the specification of the instant application. Additionally, Claims 1-5 and 30 are listed as "Original" claims in the "IN THE CLAIMS" section of the amendment, but the claims are not the same as the previously presented (i.e., originally filed) Claims 1-5 and 30. It appears to the examiner that the specification and claims sections of the amendment do not correspond to the instant application and are possibly from a related application. Applicant is given a time period of ONE MONTH to re-submit the corrected specification and claims sections of the amendment.
